TO WHOM IT MAY CONCERN

Our Company, M Van Der Wal Builders and Contractors Ltd, have been building top quality architecturally designed houses in and around the Auckland area for the last 15 years and have engaged Dave Beattey and his company on six of those houses.

We have no hesitation in recommending Dave Beattey as a person of integrity and his company as we have found they have provided us with an excellent service and their workmanship has always been of a high standard. The majority of the roofs have been timber shingles and have never needed him to repair or redo work that was not up to standard. As we are registered Master builders we offer a guarantee with our work and all subcontractors are therefore carefully chosen. David has always conducted his business in a professional manner and as a long term player in an industry that is rife with cowboys in for a quick return and no accountability.

Yours sincerely

M Van Der Wal

Attention: Dave Beatty

Dear Dave

Your Company recently completed a re roof out for us at 29A Mahoe St, Remuera..

We wanted to take the time to express our gratitude for the efficiency and high standard of workmanship achieved by your technicians on site.

We look forward to continuing this relationship.

Yours sincerely

Grant D. Millar
Director.

Subject: Re-roofing our home

We wanted to convey our thoughts about the re-roofing contract that you recently conducted on our property.

There were many aspects that impressed us that made us choose your company.

The company delivered a very professional quotation to us in a timely manner. There is a website that one can get adequate information about your company and the products that you intended to use..

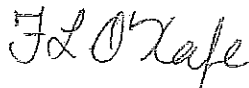

Your workers arrived promptly each day. They respected our property with utmost care, tidying up completely at the end of each day and certainly did a professional repair on our roof in very trying conditions.

We would happily recommend your company to other people requiring your services.

Thank you for making what other people said would be a hideous task, totally bearable.

Yours faithfully

Philip and Fleur O'Keefe

Dear Dave,

A note of appreciation for the excellent work carried out on reroofing our property at the above address during October.

In particular, the work ethics of Friday and Phillip were of a very high standard. It was evident that they new exactly how to go about the job and moved rapidly from area to area with no down time from arrival on time in the morning until leaving the site.

The new roof looks great and is in keeping with the design and style of the dwelling.

The one leak after the completion, by the skylight, has evidently been fixed by Friday as discussed with Jason.

We look forward to receiving the guarantee documentation on the roof from you.

Thank you and your staff again.

Yours faithfully

Good morning Dave

We would like to thank you again for the professional job your roofers undertook in May or June on our house, 90a Aotea Street, Mission Bay. We are delighted with the new roof and have had no troubles since. The job was done very quickly and the guys were extremely professional and diligent.

We don't have any warrant information on the roof and are now preparing for sale so need this info for prospective buyers please.

Many thanks,
Felicity Powell

Hello Dave.

The scaffolding disappeared today, completing the job on our roof. I had a look around the other day and all seemed well to me.

Thanks for the work. I didn't see any of it happen myself, but my wife tells me your people were professional and courteous throughout, which is of course extremely welcome but, sadly, not always the case. We are happy to have chosen Shingle & Shake and would do again in future.

The cheque's in the post.

Best regards,

Andrew & Sachiko Pass

Hello Andrew,
My scaffolder has said he should be able to erect the scaffold on Monday and we should be able to commence work as soon as it is up.
Hope this meets your satisfaction.

Regards,

Dave Beatty
